TAKE PHOTO OF YOUR FOOD AND SUBMIT HOW TO TAKE GOOD PHOTOS

1 GOOD LIGHTING

Look for good lighting, near a window or under the brightest light source.

2 THINK ABOUT THE BACKGROUND

To make it easier to crop photos, ensure the background is white.

3 PAY ATTENTION TO FRAMING

Check the photo to ensure your dish shows its best features and that no part of the image is accidentally cut off.

4 GET CREATIVE

Try different angles, from above or the side, to showcase the food.
